REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Members of
Sage Canyon Advisors, LLC

We have audited the accompanying statement of financial condition of Sage Canyon Advisors, LLC (the "Company") as of December 31, 2014 that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. The Company's management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial condition of the Company as of December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

SAGE CANYON ADVISORS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Operations

Sage Canyon Advisors, LLC (the "Company") is a Colorado limited liability company and operates as a securities broker-dealer. The Company was formed on September 26, 2005 and commenced operations in May 2006. The Company is registered as a broker-dealer with the Securities and Exchange Commission operating mainly in merger and acquisition advisory services. The Company is also a member of the Financial Industry Regulatory Authority, Inc. ("FINRA").

15c3-3 Exemption

The Company, under Rule 15c3-3(k)(1), is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Company does not carry or clear customer accounts.

Revenue Recognition

Commissions from merger and acquisition advisory services are recognized when earned in accordance with the applicable advisory agreements.

Fair Value of Financial Instruments

The Company values its investments in accordance with Accounting Standards Codification 820 - Fair Value Measurements ("ASC 820"). Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Company uses various valuation approaches. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments and blockage discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

SAGE CANYON ADVISORS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

(continued)

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)

Fair Value of Financial Instruments (continued)

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide variety of factors, including the type of investment, whether the investment is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by the Company in determining fair value was greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions were set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Company used prices and inputs that were current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many investments. This condition could cause an investment to be reclassified to a lower level within the fair value hierarchy.

Investment in stocks and other non-marketable securities for which there is no public market are valued based upon a valuation obtained by management. The valuation considers various factors such as earnings history, financial condition, recent sales prices of the issuer's securities and the proportion of securities owned. The Company currently holds nonpublic common stocks that are included in Level 3 of the fair value hierarchy as determined under ASC 820.

SAGE CANYON ADVISORS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

(continued)

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(concluded)

Fair Value of Financial Instruments *(concluded)*

Investments in convertible notes are valued at par less discounts for collectability as determined by management. The valuation considers various factors such as earnings history, financial condition, recent sales prices of the issuer's securities and the proportion of securities owned. The Company considers these investments as Level 3 securities.

Income Taxes

The Company is not a taxable entity and accordingly, all income is reported on the members' tax returns.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any tax related appeals or litigation processes, based on the technical merits of the position. The Company files an income tax return in the U.S. federal jurisdiction, and may file income tax returns in various U.S. states. The Company is not subject to income tax return examinations by major taxing authorities for years before 2011. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized results in the Company recording a tax liability that reduces net assets. However, the Company's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. The Company recognizes interest accrued related to unrecognized tax benefits and penalties related to unrecognized tax benefits in income taxes payable, if assessed. No interest expense or penalties have been recognized as of and for the year ended December 31, 2014.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, the Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

SAGE CANYON ADVISORS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

(continued)

NOTE 2 - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. At December 31, 2014, the Company had net capital and net capital requirements of \$58,548 and \$5,000, respectively. The Company's net capital ratio (aggregate indebtedness to net capital) was 0.01 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

NOTE 3 - CONTINGENCIES AND OFF-BALANCE SHEET RISK

The Company is engaged in various corporate financing activities with counterparties that primarily include issuers with which the Company has an advisory agreement. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

The Company's financial instruments, including cash and cash equivalents, other receivable, other asset and accounts payable, are carried at amounts that approximate fair value due to the short-term nature of those instruments. Investments are valued as described in Note 1.

NOTE 4 - SUPPLEMENTAL DISCLOSURE OF SECURITIES OWNED

The Company's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. See Note 1 for a discussion of the Company's policies.

The following table presents additional information about Level 3 assets measured at fair value. Both observable and unobservable inputs may be used to determine the fair value of positions that the Company has classified within the Level 3 category. As a result, the unrealized gains and losses for assets within the Level 3 category may include changes in fair value that were attributable to both observable and unobservable inputs.

Changes in Level 3 assets measured at fair value for the year ended December 31, 2014:

	Level 3 Beginning Balances December 31, 2013	Net Transfers In and/or (Out) of Level 3	Purchases	Realized and Unrealized Gains (Losses)	Level 3 Ending Balances December 31, 2014	Change in Unrealized Gains (Losses) for Investments Still Held at December 31, 2014
Assets:						
Convertible notes receivable	\$ 60,000	\$ -	\$ -	\$ (60,000)	\$ -	\$ -
Common stocks	20,000	-	-	(20,000)	-	-
	<u>\$ 80,000</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ (80,000)</u>	<u>\$ -</u>	<u>\$ -</u>

(concluded)

NOTE 5 - SUBSEQUENT EVENTS

The Company has performed an evaluation of subsequent events through the date the financial statements were issued. The evaluation did not result in any subsequent events that required disclosures and/or adjustments.
